

## **How to play Countdown Letters game**

1. First of all pick nine vowels and consonants (unseen) there has to be at least 3 vowels and 4 consonants.
2. Next within 30 seconds make a word out of the 9 letters but try to make it long and the word must be in the Oxford English dictionary.
3. Next whoever has the longest word is awarded points. For example one player has a 8 letter word and the other 6 letter word the first player would get 8 points and the other 0 points then keep doing that each round until a numbers game.

## **How to play Countdown Numbers game**

1. First select up to 4 big numbers unseen and 0-6 little numbers unseen to make 6 numbers in total.
2. Next the computer generates a random 3 digit number.
3. Then try to use -, +, × and ÷ to get to the set number using only the 6 numbers within the 30 second time limit. You can only use each number once but you do not have to use all the numbers.
4. If you get the number correct, 10 points are awarded, if you are within 5 you are awarded 7 points and within ten of the number you are awarded 5 points.

## **Conundrum**

The final round is the countdown conundrum. This is a 9 letter anagram. If you get the answer right you are awarded 10 points.
