This week at The Meadows...

Science Topic Day

We had a fantastic Science Day this week in school! The children took part in a range of investigations and experiments and thoroughly enjoyed themselves. They made catapults, made things explode, made and blew bubbles amongst other exciting experiments. Thank you to Mr Cotter for organising such a successful learning experience.

Year 4 visit to Verulamium Museum

Year 4 had a school trip today to the Verulamium Museum to learn more about how the Romans lived and the roman ruins that exist there. The children had a great day!

School Uniform Ordering session

The school uniform ordering sessions after school have been very successful over the last week. We have had lots of positive feedback from parents and are looking forward to seeing the children in their new school uniform in September! If you have not yet completed an order form, the last available day will be Monday, 30th April after school. Any children after that date who haven't been measured for the free new uniform starter pack will be measured by a member of the school staff. PreSchool children moving up to school in September will be given a date shortly.

Welcome back to Mrs O'Leary

We look forward to welcoming Mrs O'Leary back to The Meadows next week. She is returning from her maternity leave and is excited to work with the staff and the children to continue to make improvements and move the school forward. Mrs Moore will continue to work on a Thursday for the next three weeks to ensure there is an efficient handover.

Thank you Mrs Thomson

Over the last few months, Mrs Thomson has supported The Meadows as the Headteacher to cover Mrs O'Leary's maternity leave. We would like to thank Mrs Thomson for her hard work and support.
