

### English

We are reading the text "Wonder" by RT.J Palacio. We will use this text to create both fictional and non-fiction writing such as diary entries, biographies, letters & stories. Weekly spelling tests using our new scheme have started taking place and we will continue to incorporate spelling and grammar links to our writing focus weekly.

### Maths

We will cover: mental calculation strategies, fractions and we will take part in mathematical assessments. We will continue to emphasise the importance of learning multiplication tables and complete our regular challenge.

### Science

We are continuing our focus on the Biology topic: Living Things. This includes studying food chains, classification of living things and different types of ecosystems.

### RE & PSHE

Incarnation

## Class 4

### Autumn 2 2018

### Computing

Coding

### History

Native American Life

### Art

Native American Landscape  
Art

### Music

Guitar  
(K2M Concert Preparation)

### PE

Our focus is Football: this will take place outdoors at the Community Centre and will require the children to bring in appropriate outdoor PE kit and trainers.
