

## Maths

This term we will initially focus on sorting, counting, ordering, representing and comparing numbers to 10. Then we will learn about the part-whole model, number bonds and addition and subtraction techniques. Towards the end of term we will work on 2D and 3D shapes, numbers to 20, ordering and comparing groups of objects.

## SCARF

(Safety, caring, achievement, resilience, friendship.) This term we will be focusing on 'Me and My Relationships' for the first half, before moving on to 'Valuing Differences'. We will also cover bonfire night and firework safety moving into November.

## English

We will focus on a wide range of texts this term, including both fiction and non-fiction. These will include books around commands and requests, the 'Funnybones' series, harvest poetry and Christmas.

Children will participate in a weekly guided reading session and will be encouraged to read this and their individual reading book at home on a daily basis.

## Geography and History

We are learning about Winkleigh and what we can see in our local area. We will be touring the village and then create our own model village!

We will later focus on toys and compare today's toys with those from the past. We will also learn about Guy Fawkes and the Gunpowder Plot.

## Year 1 Topic Web Autumn Term Ourselves

## D&T and Art

We will be looking at the work of artists around the areas of painting and drawing. We will be exploring the different shades and marks that pencils make and creating a resist painting.

## P.E.

We will enjoy daily activity in class, including 'wake and shake' and yoga. We will first be covering running and jumping and then dance in our PE lessons.

## Religious Education

We will be considering the question 'What do Christians believe God is like?' for the first half term before moving on to 'Why does Christmas matter to Christians?'

## Science

This term we will be looking at plants, naming parts of plants, sowing seeds and identifying common plants in the wild. Later we will be looking at seasonal changes, weather associated with the changes and how the day length varies.

## Computing

We will be learning about programmable toys for the first half of the term before becoming TV chefs!

## Music

Children will explore old school music in the hip hop style to learn about the differences between pulse, rhythm and pitch. We will also focus on Reggae towards the end of the term.
