Online safeguarding for all our children

We would like to bring to your attention an app that you or child may have come across that is causing national and international concern.

The app is called Sarahah and it can be linked with social media sites such as Snapchat and Instagram that invite and enable anonymous feedback on images and other content posted.

This app was launched in June 2017 and has been extremely popular with teenagers and young people.

We have been made aware of instances of harmful comments being made to young people. If you know of any teenagers or young people with this app, we advise they delete it.

Emails this week: FSU Sessions for Spring. Parent Forum Agenda Items. Letters to Santa (Owls). Christmas Lunch Reminder.
