

Spring 2—What would it be like if we journeyed into a forest?

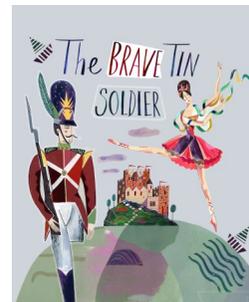

Key Questions

What should I already know?	<ul style="list-style-type: none"> Plants are a large group of living things that use sunlight to make their own food. There are many different types of plants including trees, vines and grasses. <ul style="list-style-type: none"> Plants have lots of different parts.
What do plants need to grow?	<ol style="list-style-type: none"> Sunlight — All plants need light from the sun to grow well. Water — All plants need water to grow. Without water, seeds and bulbs will not germinate. Temperature — Plants need the temperature to be correct to grow. Space and time — Plants need space for their roots and stems to grow. They need time, some plants take days, months or years to grow.
How do plants grow from seeds/bulbs into plants?	A plant germinates when its seed begins to sprout. Inside a seed/bulb is the baby plant, seeds have a tough layer on the outside to protect the plant. Seeds and bulbs don't need sunlight to grow because they have their own food store. They do need the right conditions to grow!

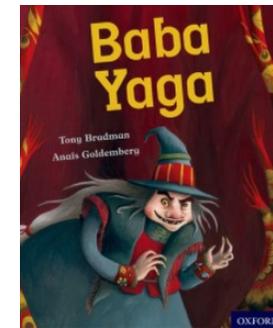

Key Vocabulary

germination	When the conditions are right, the seed soaks up water and swells, and the tiny new plant bursts out of its shell. This is called germination.
sprout	When a plant sprouts, it grows new shoots.
shoot	A shoot grows upwards from the seed or plant to find the sunlight.
seed dispersal	Seed dispersal is when the seeds move away from the parent plant. They can be moved by the wind or animals.
seedling	A young plant that needs light, temperature, water, space and time to keep growing.

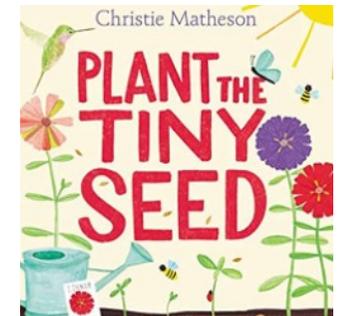

Literacy key texts

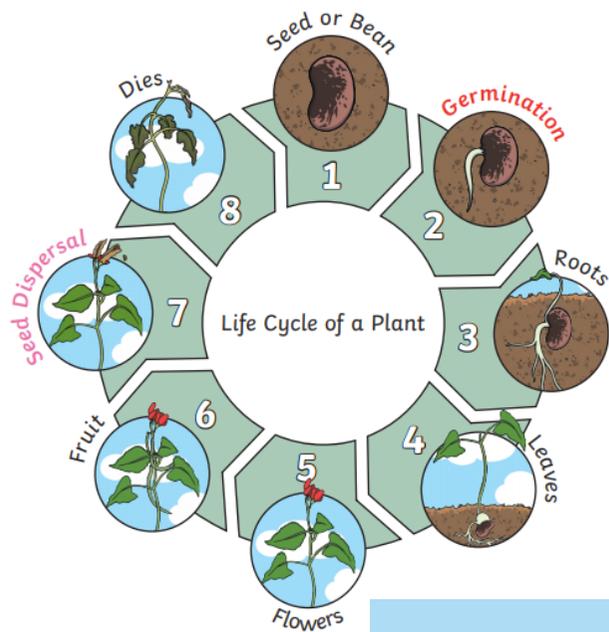

Brave Tin Soldier

Baba Yaga

Plant the Tiny Seed

Science

- I know how seeds and bulbs grow into plants.
- I know what plants need in order to grow and stay healthy.
- I can use observations and ideas as well as suggest answers to questions.
- I can perform simple tests.
- I can identify and name animals and their habitats.

Topic

- I name the capital cities of England, Scotland, Wales and Northern Ireland.

Creative

- I can learn about an artist and can describe different practises and disciplines.
- I can make links to my own work.
- I can mix paint to create secondary colours.
- I can use painting techniques to create artwork.
- I can describe the ingredients I am using.

Maths

- To identify 2D and 3D shapes and their properties.
- To make comparisons between 2D and 3D shapes.
- To interpret and construct simple pictograms, tally charts, block diagrams and tables.
- To ask and answer questions by counting the number of objects in each category and sorting categories accordingly.
- To ask and answer questions by totalling.

English

- To recognise the structure of non-fiction texts, in particular the features of an explanation text.
- To listen to, discuss and express views about a wide range of contemporary and classic poetry, stories and traditional tales.
- To write a narrative based on traditional tales.
- To learn how to and apply subordination (using when, if, that, or because) and co-ordination (using or, and, or but).
- To develop an understanding of using commas for lists.
