

I asked my friend to go 10 spaces forward.

## Class 1

This week in Class 1 we have been learning about position and direction. We created a maze to find a way around the classroom. It was lots of fun and caused a lot of giggling.

My friend asked me to do a quarter turn right.

My friend told me to do a quarter turn left and go forward two spaces.

I had to do things like a quarter turn.

Class Two have been working hard on completing the Anglo-Saxon brooches that they designed. They incorporated key elements of Anglo-Saxon design and used their fantastic art skills to make a product they could be proud of!

Over the last few weeks, a group of Class Two girls received some TecGirls training, teaching them how to use our micro-bits for coding tasks. They have used their new skills and knowledge to help teach the rest of the class how to make micro-bits play music - fun (and noisy!)

# Message from our Head Teacher

Dear Parents,

Yet another active week has passed, and we have been particularly impressed by the progress in maths and writing. The classrooms are full of energy and the children are fully engaged in their topics.

I would like to thank Mr Matt Henderson for his recent visit to the school and we are looking forward to learning more about how to grow and cook our own produce with you and your team.

I would also like to say thank you for the positive comments about the Nursery provision. We will be working closely with the provision in the village and adding to the offer. Any enquiries please contact the office.

Our sailors are progressing well, and we are so fortunate to have the provision from St. Mawes Sailing Club. Many thanks for the wonderful opportunity for the children.

Plans for the playground are progressing and we should see improvements very soon.

In this time of highly changeable weather please can you ensure pupils have coats with them when coming to school and also a sun hat in bags! If the forecast is for a hot day applying sun cream before school is essential.

Thank you.

Ms Praed
