16th September, 2020

Dear Parent/Carers,

We have had some queries regarding absence from school and would like to clarify the following. Any illness or set of symptoms that is different to the big three symptoms of COVID (new persistent cough, high temp of 38+ or anosmia) should be treated in the normal way using your best judgement as a parent and their medical history. I have attached our illness exclusion list to this letter to clarify our school policy on other conditions,

Thank you

Ms Praed
