10th December 2019

Dear Parents,

Please find attached the Ofsted report from our Inspection on 19th November 2019. We are absolutely delighted with it and it is testament to the dedicated and hard-working team of staff, hub-councillors and volunteers we have at St Mawes. We also wouldn't have gained such an impressive report if we hadn't had the parental support from you all and the marvellous children you bring to us each day.

Now is also a really good time to say that I will be handing more of the reins over to Ms Praed after Christmas. The school is in a really good place and Ms Praed is extremely capable of continuing with this good work. I will still be involved with St Mawes but as a Strategic Partner, also working alongside other schools in Aspire. This will primarily mean working in an advisory role so Ms Praed will be accountable for the school but she will have me to help and support along the way. As a result of this, Ms Praed will need leadership and management time so Mrs Gabriele will be teaching in Class 2 on a Monday and Tuesday and Ms Praed will teach the rest of the week. We are delighted to have Mrs Gabriele in school as this will provide continuity for the class.

I will still be leading the London Residential for Year 4, 5 and 6 in March and Ms Praed will also be attending. This will give Ms Praed the opportunity to work alongside me to then lead future residentials.

Once again, thank you for your continued support and feel free to contact me at any time if there is anything you need to discuss about school.

I hope you all have a wonderful Christmas.

Yours sincerely

K.Middlemore
