

Dear Parents

We always pride ourselves on our communication with parents both formally and informally and we thought it would be useful to remind of the various ways you can keep connected to school.

Twitter

The school has its own Twitter page and this is a great way for us to celebrate the children's activities and share school events with you. If you wish to access this you will need to download the Twitter app, search for St Mawes School and click follow. Any tweets will then automatically come to you and you will receive a notification to say something has been tweeted! You can also follow Aspire Academy Trust on Twitter.

Facebook

The school has a business Facebook page and this is used to relay important information to you. Again, this can be accessed in the same way as Twitter.

Website

Our website contains a wealth of information about the school but also all the letters that are sent to you. A great deal of time and effort is invested in keeping this updated so please access it. It would be really helpful if you misplace a letter to get it from the website as they are uploaded as and when they go out. You could also print the dinner slips and medical request forms from the website.

Newsletter

Our newsletter is also a lovely celebration of the pupils activities and we also use it to share requests, events and school developments. Many of you receive this by email which helps us reduce our printing costs. It is available on our website. If you receive a paper copy but would now like this emailed to you then let Dee know in the office.

Questionnaires

Thank you for completing the questionnaires and for your very strong support of the school. We will be feeding back on this shortly.
