Dear Parents

Due to changes in legislation we are no longer able to provide booster seats for the children to use when being transported in cars on trips.

Current regulations state that a booster seat/car seat must be used for all children who measure under 135cms in height.

If these restrictions apply to your child then you will need to provide us with a suitable car seat that complies with current safety standards (ECE R4/O4) for any future school trips.

These regulations do not apply to children being transported by coach, minibus or for emergency medical journeys.

Unfortunately if you do not provide the correct seat then your child will not be able to go on the trip.

Yours sincerely

A Praed
Head of School
