

## **CODING GURU VISITS DINNINGTON!**

Today children in KS1 and KS2 were visited by a coding guru. Each class had a whole hour introduction on using our newly purchased OZOBOTS.

The OZOBOTS are tiny robots that can be programmed by either a coloured line which they follow, or by using block code.

What was evident in every class, was how interested the children were and how much they enjoyed the whole experience.

We are looking forward to using the OZOBOTS a lot more this year!

Check out this video to find out more about OZOBOT.
