KEEPING CHILDREN SAFE ONLINE IN THE 21ST CENTURY

Across the UK, children's use of mobile phones, social media and photo sharing are central to contact from abusers.

When you think about 'Stranger Danger' do you think of a white van outside a school, or a man with a dog that has just had puppies? This event will turn that message on its head!

Unlike similar events this presentation will not cover issues like password security or blocking software. The aim of the event is to bring parents totally up to date with the apps children are using and how they are being directly targeted in that environment by paedophiles.

The event will take parents on an uncomfortable journey where they will be left questioning their current perspective about children's safety.

IF CHILDREN DON'T KNOW, DO YOU KNOW?

Presented by 'the 2 Johns' - CEOP Ambassadors, highly skilled and experienced in training police, teachers and parents.

KNOW THE SIGNS AND WHAT TO LOOK FOR!
