

"The prospect of the righteous is joy, but the hopes of the wicked come to nothing." Proverbs 10:28

**Next week the children in:**

**Reception will be** having fun filled times before the summer holidays.

**Year 1 will be** enjoying their final few days of fun together.

**Year 2 will be** enjoying their last few days in KS1 and doing lots of crafts and creative activities together.

**Year 3 will be** having lots of fun enjoying our last few days together!

**Year 4 will be** using drama to learn all about Boudica.

**Year 5 will be** completing their amazing journey through Year 5 and preparing to continue their journeys into Year 6.

**Year 6 will be** ..... leaving!

**IMPORTANT DATES FOR THE SUMMER TERM**

**20<sup>th</sup> July** – Leavers Service for Year 6

**Wednesday 21<sup>st</sup> July** – children **BREAK UP** for the summer

**22<sup>ND</sup> AND 23<sup>RD</sup> JULY INSET**

**Autumn term starts for the children on the 6<sup>th</sup> September.**

Year 2 had a wonderful Africa Day on Thursday. They all looked wonderful in their bright and colourful clothes. They made jewellery, created homes, cooked and much, much more. Well done everyone.

We hope you enjoyed watching the Sports Day videos which are on the website. As you will see the children had a super day.

It was lovely to see the children spend the day with their new classteachers on Thursday. Everyone seemed really settled and positive. It has been very different this year as the children will not have seen the staff around school in the same way but they were all incredibly brave. 😊

Having spoken to Mrs Fletcher last week we have decided to maintain the staggered starts and finishes for the children in September which means that **all children will be expected to be in class by 8.50am** but that they can be dropped off from 8.40am. School will finish for the Reception class at 3.10pm and Year 1 and 2 at 3.15pm. Years 3 and 4 will finish at 3.20pm and Years 5 and 6 at 3.25pm.

Just to be on the safe side, we will also be having staggered lunchtimes and break times to reduce the number of children in the school hall and on the playground.

We are sure that you will agree this is an appropriate measure moving forward.

Year 6 have been looking at how the heart and lungs work and were treated to a live dissection so they could see what amazing and intricate organs these are. They were even able to compare the differences between a mouse's heart and a cow's heart. They were all fascinated!!

### **SALTASH REGATTA**

After last year's event was cancelled and with this year's event being delayed, the committee are finally in a position to invite you to support the annual opening parade.

The parade is a key feature in the Saltash Regatta and would not be possible without the excellent support from schools, pre-schools and nurseries. The effort you make each year is deeply appreciated. The parade starts from Victoria Gardens at 10.00am on

**Saturday 4th September**

The theme is "**Under the Sea**". Please see the poster on our website.

Year 4 worked hard in the woods to recreate the water cycle using natural materials that they found. This was part of their 'Changing States' unit of work. Outdoor learning is a fantastic way to help children learn new skills and knowledge and remember what they have learnt.
