Dear Parents and Carers,

Eliminating Nuts in School

At Shirley Primary School and Pre-School we take the health and safety of our children very seriously.

As some of our pupils have severe nut allergies, we would like to ask that nuts, and any products containing nuts, are **not** brought into school. This includes peanut butter, chocolate spreads containing nuts and cereal bars.

Sweets and chocolates are not allowed in school.

Thank you for helping us provide a safe and healthy learning environment for our pupils and staff.

Kind regards,

Shirley School Office
