Dear Parents and Carers

Monday 20th April

Shirley Primary School Home Learning

We realise that everyone's family circumstances will be different and we have tried to be mindful of what parents can achieve at home and what would be supportive to a family. In light of this, we have adapted our home learning provision, based on the feedback we received. The Family Learning menu is a weekly programme of different activities you can pick and choose from depending on the weather, your child's interests and the adult support available at home. We also appreciate that a fixed, daily timetable is not going to be suitable for all families so we would like to share ideas of what a timetable might look like in different homes.

Option A

Breakfast
Walk in the local area
Maths activity (20 minutes)
Snack
English activity (20 minutes)
Reading stories
Lunch
Family Learning activity
Screen time (30 minutes)
Dinner
Free play
Bed and story

Option B

Breakfast
Outdoors/exercise
Maths
English
Reading
Spelling/phonics
Family Learning

Option C

Breakfast
Play in the garden
Family learning activity
Lunch
Maths activity (20 minutes)
Screen time (1 hour)
English activity (20 minutes)
Free play
Dinner
Bed and story

Alongside the weekly Family Learning menu, daily maths and English activities will be posted on each year group's Home Learning page. These will be personalised to the children in each year group. Key maths skills such as counting should be practised daily. The revised approach to Home Learning will start on Monday 20th April.

Please email the teacher if you have a query regarding the work set and do remember to send photos in – we would love to see what the children have been engaging in at home

Yours sincerely

C.Fonseka

Deputy Headteacher
