Dear Parents/Carers,

The homework grid will give your children the opportunity to decide what homework they would like to do each week, along with how much homework they would like to do. Our school homework policy says that the children are required to do 1 hour 30 minutes of homework a week, so please try to keep to this time.

At the end of the half term, children will be rewarded with a certificate depending on how many pieces of homework they have completed.

- Bronze award
- Silver award
- Gold award

When the children do their homework, please ensure that they put the letter and number of the task at the top of a new page. Each new task, needs a new page. All tasks need to be evidenced, but I am very happy with just a picture and explanation of what they have done (especially for the Art and Design tasks and the General Challenges).

Homework will be handed out on Fridays and need to be returned to school on Wednesdays.

Please ask if you had any questions and we will be happy to talk it through with you.

Many Thanks

Miss Taylor, Miss Saunders and Miss Daw
