

Year 1 Homework - 9th November 2018

This week we have been learning about everyday materials. We have looked at different materials and properties of materials. We would like the children to make a table of natural and man-made materials. They could have a go at writing or drawing the materials.

Please spend no more than 20 minutes on this task.

A large, empty rectangular box with a black border, intended for the student to draw or write their answer to the homework task.
