BIKEABILITY Cycle Training Level 2 for Years 5 and 6

We have arranged a cycle training course, in conjunction with Somerset County Council Road Safety, to take place in this school on **4th and 5th February**. There are only 18 places available so we have provisionally booked a second course for 11th and 12th February. **This course is free of charge.**

Pupils must be aged 9 years and above and the course is not for those who have previously taken part in a Bikeability course.

The "BIKEABILITY" course has been designed to give the next generation the skills and confidence to ride their bikes on today's roads. It will introduce them to cycling as an everyday activity, an alternative mode of transport, which brings a healthier lifestyle. We consider cycle training to be an important life skill and would encourage you to enrol your child on this course.

The course consists of several sessions, including work in the classroom, practical manoeuvres conducted in the playground, followed by on road manoeuvres.

Pupils will need a **roadworthy** bicycle, helmet and suitable clothing and footwear for use on this course for **all** sessions.

Please complete the details on the attached form as soon as possible to secure a place for your child on the course, and return to the school office by **Friday 18th January** to register your child for this course.

We also need parent helpers to help with this course so if you would like to help please contact the office.

Yours sincerely

Suzie Svenson

Headteacher
