

Dear parent/carer

As per the information for parents on our class isolation pages, the year 4 team will host a Google Meet on Wednesday 6th January at 9:45am with the children. This will be an opportunity for your child to see their class teacher and peers, and to learn a little more about the day's planned activities.

To access the Google Meet your child will need to have Google on whichever device they are using. **Please don't worry if you can't access Google as all of your child's work will also be explained on the website year 4/5 page.**

The meeting will last for about 15 minutes and will take place at 9:45am. Your child will receive a link to access this via their NTLP account prior to this. We have attached some information for you to read in the link below; as always, pupil and staff safety is paramount, and we would like to ask you that you remain in the room with your child during the meeting, that they are fully dressed, and not in a bedroom or bathroom. All Google Meets are recorded for pupil and staff safety.

Once again, thank you for your continued cooperation and support.
