Head Teacher: Mrs Alexandra Palmer

Dear Parent / Guardian

From time to time the children take part in supervised activities where photographs may be taken for the press. For example when tree planting, raising money for a charity such as "Children in Need" or sporting events.

In addition, the school also has a website where we like to post photographs of different groups participating in learning and fun activities and these photos may also be used for our prospectus. These will be photographs of children participating in activities rather than formal portraits of individual children.

Please could you return the permission slip below to let us know if you consent to the use of photographs of your child/ren or whether you would prefer that they were not used..

Yours faithfully,

Alexandra Palmer
Head Teacher

Stannington First School

I am willing / unwilling to allow photographs of my child to be used for the school newsletter/press / website / prospectus (please delete as applicable).

Signed
Parent/ Guardian
