

Paul Burton

Appointed Governor – December 2020

My eldest daughter is in Year1 and has been at the school since joining nursery.

Skillset and knowledge base

I am a quantity surveyor trained with over 16 years' experience within the construction industry and have a degree in Construction Commercial Management.

For the last 6 years I have been working for Skinner Construction as the senior estimator here in East Devon, this has given me a broad knowledge of the local supply chains and consultants within the area. I would be able to help with budgeting and costing of planned and response maintenance works to the school.

Other interests/skills

I am the Scout section leader at 1st Colyton Scouts, which I have been for the last 2 years, but have been a warranted leader for the last 15 years, having previously gone through the various youth sections. This has involved continuous Safeguarding and first aid training throughout this time.
