

## **Becky Jackson**

I have a long and happy history with Littletown Primary Academy. I first came to Littletown in 2006, on placement here for my final teaching practise when I was a student. I applied for a teaching position here, which I secured before I finished my placement. I have been here ever since! I taught in both Years 1 and 2 for 10 years, until moving to the Nursery in 2016. I am passionate about providing children with a rich, exciting and engaging environment, which celebrates each child as an individual on their own learning journey, and values the support and contribution of a child's family as part of their school experience.

As a governor, I want to contribute to and support the exciting future of Littletown Primary Academy.
