

Bonnie Humphries
Appointed Governor December 2020

I'm very excited at the prospect of working alongside senior leaders, teachers and parents to provide an excellent but personal approach to the children's learning and development. I am keen to learn new things and challenge myself, therefore would be ready to fully immerse myself in everything that being a governor involves.

Having previously attended Littletown myself, albeit briefly, I have some lovely memories of this school. After my positive experiences at Littletown I realised I wanted to raise my children in Honiton and send them to what I consider to be a great school. I feel very strongly about helping the school and everyone involved to succeed.

I am great as part of a team, as well as using my own initiative when needed. This would allow me to work effectively alongside others to collectively share ideas, opinions, skill sets and the possibility of taking the reins should that be necessary. For example, if required, I feel I have the confidence to make a visit to Littletown and give my judgement on the situation at hand, providing I have had the necessary training.

I have had the fantastic opportunity to attend theatre school in London from the age of 7-14 and go on to perform in West End shows. I also performed for more prestigious London events, a performance that comes to mind was one at Covent Garden for UNICEF which really opened my eyes to a lot and showed me a bit of 'behind the scenes' when it comes to running a charity and helping keep it on its feet, enabling them to continue to carry out the integral work they do. I feel this is thanks to Littletown's guidance and opportunities to be a part of various creative clubs, groups and of course performing in the annual school productions which I remember fondly. These experiences have given me vast knowledge, confidence and creative experience which I would love to be able to pass on to the children of Littletown and potentially help with future productions or anything relevant in this field should they require it.

I decided to work in a more formal environment a few years ago after so long in the Arts Industry, where I spent some time in Scotland working in personal banking, debt management and Collection and more recently working with the management at a safari park. It was within this role that I had a lot of input within head office with regards to the running of the Safari, including being the first person each guest came into contact with at reception to brief them on the park itself.

I'm currently at home with a 3 year old and 1 year old, the former hopefully attending LittleTown next September, and am eager to join you in assisting Littletown to truly fulfil its huge potential.
