

Michala Hawkins

I joined as a staff governor in May 2018. I am Vice Principal at Littleton Primary Academy and have been employed at the school since September 2005. I believe that my role on the board of governors ensures that I am able to support the Principal's vision and strategic direction for the school and represent the teaching staff at the school.

I live just across the border in Dorset and have 2 teenage children, one at university and one about to start college, both children have already shown an interest in a career in teaching... so I haven't put them off!
