

Karen Desborough

I became a Governor in November 2019. I am an Appointed Governor, able to provide the Governing body with HR technical expertise and advice as required.

I am a Chartered HR professional with 20 years experience across both public and private sectors. I am currently the HR Lead at the RD&E NHS Trust supporting their Digital Transformation project, a significant change programme, which will transform healthcare across East Devon. Most importantly, I am a mum to Zoe (Year 4) and Eve (Nursery) who are both at Littleton.

I wanted to become a Governor to have more involvement with the school and my children's education, and I am looking forward to supporting and contributing to the success of Littleton, whilst at the same time, learning more about the role of Governance within schools and the Education system.
