

RACHEL ROBERTS – PARENT GOVERNOR

I have a daughter in Year 3 and a son in nursery. I also have a daughter who has just left Littletown so I have had the benefit of experiencing the complete school journey! I am passionate about Littletown and the opportunities it offers. My job requires me to communicate with a varied customer base and to ask structured questions to then offer a solution. Some challenging, direct questioning and negotiating.

I'm also very passionate about the environment where the children receive their education. I believe that if children are happy they will want to learn and I would like to be a part of the process.
