

Mrs Litten

I really enjoy working at Moorlands and love working with lots of wonderful children.

One of the favourite jobs I have at Moorlands is organising Achieve & Enrich afternoons. You will love doing all of the different activities too!

In 2020-2021, it will be my 23rd year teaching at Moorlands.

My favourite subject is English because I love reading and discovering new authors.

I really enjoy maths too and like solving problems.

I also like teaching art but wish I could be better at it!

I am the deputy head teacher and help Miss Kelly with all her jobs. I also teach in year six.

Some of my interests include: reading doing quizzes and taste testing afternoon teas!
