MESSAGE FROM THE HEAD TEACHER

Buildings update!

I thought you might be interested in an update on the works planned to improve our school environment.

This week there has been a huge de-cluttering exercise in all classes, the loft and outside.

Over the Easter break, Ks2 toilet walls will be scrubbed and prepped for redecoration in the near future.

The guttering around the school building will soon be replaced which should help resolve the damp problem.

The veranda in Busy Bees Classroom will be fixed to enable our pupils to have free flow access from indoors to outdoors.

A grant application has been made to create an all-weather canopy to cover this area so the children can free flow all year round.

Further applications for funding are in the pipeline to create a preschool free flow area.

The school environment both indoors and outdoors is looking much smarter –thanks to all those who have helped!
