

How to log into Google Classroom at home

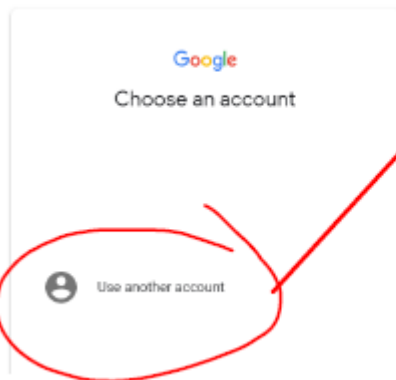

1. Install / launch Google Chrome browser

2.

*Click here
to sign in.*

*3. Click to add a
new account*

4. Enter your username. This is your school account.

For example

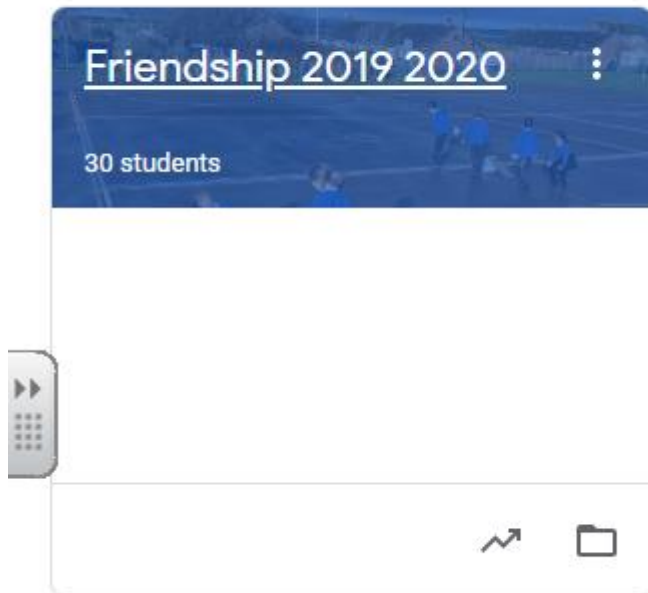

19daniel.o@northamfederation.org

For Daniel Ovey

5. Enter your password.
This is set to default for now. Which is Password (don't forget the capital P)

6. You should now be logged in.

If you google 'classroom' and follow the link ...

7. You should see your class. Click it's name to enter.

8. Everything the children put on classroom is safe. It is not open to the public and the classroom itself is password protected.
