

Nursery Spring Term 2019

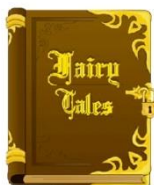

Superheroes - Spring 1

Our first topic this term is 'Superheroes'. We will be using our topic to help us to make up superhero stories and design and make our own superhero vehicles. We will also be looking at real life heroes such as our emergency services, people who help us and also thinking about how we can help others.

Traditional tales - Spring 2

Our topic for the second half term is 'Traditional tales'. During this topic we will be focusing on traditional stories such as 'Goldilocks' and 'The three little pigs'. We will be dressing up and using props to help us retell these stories as well as making up our own stories.

Maths

We will be continuing to look closely at numbers 0-10, recognising the numeral, counting the right amount of objects and putting the numbers in order. We will also be starting to introduce teen numbers. We will continue to learn the names of different shapes and find the shapes of objects in the environment.

Literacy

The children will be experimenting with different ways of mark making using different mediums and methods. They will be learning how to form the letters in their names correctly as well as learning the different sound names in phonics.
