A Message from Our Head of School

Dear Parents and carers,

We have had several requests for bringing in cakes and sweets for birthdays. Due to Covid restrictions we can not allow anything to be brought in for birthdays. We apologise for this and will let you know as soon as restrictions are eased.

We would like to say a big thank you to Katie Webb for all the hard work she continues to do on our gardens. Throughout lockdown Katie ran a sunflower competition, please see the next page with lovely pictures of the children and the winners announced. Well done to all the children who took part.

Warbstow Sunflower Competition 2020

Our winners this year are Jaydan in Class 1 with a sunflower 2.20m and Toby in Class 2 with a sunflower 2.26m high!

Well done what green fingers you have

Our sunflowers started from seeds collected from last years sunflowers grown in the school garden. The garden club stored these over winter and planted them just before the start of lockdown.

Over 50 of you entered and we have enjoyed seeing all the pictures that have returned. What fantastic efforts to nurture and grow these plants. Keyworker children also grew sunflowers in their pods. Both were successful, a few of Pod 2's sunflowers are still going, which you can see around the school garden. The children enjoyed looking after them and the gardens during lockdown.

Well done to all of you that took part this summer

You can save your seeds; keep them in a dry cool place, and you could grow more sunflowers next year. Sunflower seeds are full of energy that the birds love, so don't forget to leave some for them. They make a mess though.....has anyone else got a sunflower forest under their bird table??

Katie Webb - Garden Club Volunteer
