We will be running 3 clubs this half term. Mondays will be Athletics with Mr Turnham for all Key stage 2 (Y3-Y6) please send an email to book your child on to hello@warbstow.org.uk

Choir continues on a Wednesday We also will have a Wednesday match club which will change every week. Please see Mr Ellis' section for further info.

A big welcome to Isla (Year 1) and Harrison (Year 3) who have joined us this week. We will also be welcoming Sophie in Reception on Monday. We are please you have joined the Warbstow family.

A Message from Our Head of School

Dear Parents and Carers,

A big thank you to two parents for their support over the last 2 weeks. John Balsdon for moving a ton of stones from the hall car park, and to Andy Ireland for wielding together a piece of PE equipment, my gratitude gentlemen.

We have a busy half term ahead of us. Year 6 have begin their transition work in preparation for moving to secondary school. We have had bikeability this week, and next week we will be off to Widemouth beach for our 'Surfs Up' fun day- details in this newsletter.

Clubs restart next week. Wednesday's 'match club' is a little different with changing activities and year groups each week. You sign up on a Friday, for the following Wednesday.

Next Wednesday, is Football Match Night for class 1 and 2 only. Please see the google class message sent to your child's account and reply to it in the 'reply space' to secure a place. (Mrs Sobey and Mrs Harvey will be running this club).

In other news, Mr Turnham will be reducing his teaching commitment at Warbstow Primary Academy from next week. He will now be working 3 days a week (and will do so from September). He will be actively involved with the Aspire Trust to help set up an outdoor activity and learning base. This is an exciting and ambitious project to help support all children in the Trust. The aim is to ensure that children have access to frequent, continuous and progressive outdoor learning experiences.

Congratulations to Mr Turnham on his new leadership role in the Trust as he brings his expertise to the project, and I am confident he will ensure it is successful.

Trophies

We are still missing a few trophies please return ASAP

Big congratulations to Ben in Year 6 who has passed his Guitar exam and gained a Copper Award. Fantastic news.

Beach Day

Thank you to all who have completed the collection of children form for the beach day. For those that haven't, please ensure this is completed as a matter of urgency

Beach collection

Reception-Year 2 please ensure are dressed in appropriate beach wear including suncream and hats. If it is cold, please make sure jumpers are provided. They may also wish to bring a towel. Flip flops are allowed at the beach, but please send in trainers, as they may be running around before the beach. Children are able to bring buckets and spades, please make sure these are labelled so we know whose are whose.

Key stage 2 please wear appropriate swim wear and beach wear for when not in the water. Again, flip flops allowed for the beach but wear appropriate footwear beforehand. Suncream, hats and a towel please. Wetsuits are allowed to be brought in if they are long ones. Wetsuits will be provided though so not a necessity.

Please keep each child to 1 rucksack.

All children to bring a water bottle & a packed lunch if you haven't ordered one.

Packed lunches are available through the kitchen, please see lunch selection options for further details.

Collection of all children from the beach to be between 2.50 and 3pm. Any taxi children will be collected from the beach. We have already arranged this.

Many thanks

We are Buzzing about this competition!

We would like you to enter the **BBC Radio 2 Big Bee Challenge**.

The radio competition is for all children aged 6-12 years, however, we will also choose a Warbstow Winner, so everyone is included. The school winner will have their design built and planted on the school field.

The rules are simple, (using the form that has gone home with your child today), design a garden for bees. Draw and colour in your design and label as much as you can including your plant choices. Then write a few sentences telling us about your design and why you want to help the bees.

Think about the type of plants that bees love, and remember bees also get thirsty. They need a safe place to create a nest and lay eggs. Don't forget somewhere *you* can sit and watch the bees.

Further instructions, tips and ideas are available via this link on the BBC Radio 2's website –

<https://www.bbc.co.uk/programmes/articles/2qk4dDdJJdsVFmcLhZ7RwmW/how-to-enter>

All designs for the school competition must be handed back in by Friday 2nd July.

Please can all parents upload they own children's designs to the radio competition via the link and let us know when you have and or if you have any problems.

BEE creative and have fun.
