13 December 2019

Dear Parents, Carers and Families.

The Governing Board has seen a number of changes to our membership this term. In September, after 6 years as Chair, Marilyn Davies stepped down from the Board. We also said goodbye to our Clerk to Governors, Mrs Jones, who moved to her new school. We thank them both for the many hours they dedicated to governance at Andoversford Primary School. At our October meeting, Sharon Hewlett (previously vice-Chair) was elected as Chair and John Everett as Vice-Chair. We also welcomed Sally Dimmer and Lee Hibbert to the Board.

During this term we have continued our work reviewing school policies, updating them where necessary, and monitoring progress against the School Development Plan. We have visited the School to look at:

- How the new behaviour policy is working
- Health & safety
- Resources for teaching maths
- Safeguarding

We have also been discussing the School's vision and values. We do this periodically to ensure that they accurately reflect what kind of school Andoversford Primary is and what is important to our school community. We hope to launch an updated vision for the school in the new year after consulting with pupils, parents & carers and staff. We would like to hear from you! Let us know the 3 things you feel are the most important for our school and any aspirations you have for the school over the next few years. You can talk in person to one of the governors at the Christmas performances, or you can drop your feedback into a collection box which will be available. If you are unable to attend the performances, or need time to reflect after the Christmas shopping is finished, please send your feedback to the school office via email: [admin@andoversford.gloucs.sch.uk](mailto:admin@andoversford.gloucs.sch.uk).

Many thanks and a Happy Christmas to you all.

Andoversford Governors.
