

Science

Earth and Space

Year 5 will become experts on the Earth, Sun and Moon, finding out facts like how big each one is, how far away from each other they are, how their relationship to each other creates night, day and different time zones, and so much more

Year 5 - Autumn Term

Earth and Space

Humanities

United Kingdom

This term, the children will learn all about how the UK is organised into countries, counties and cities, as well as learning about the human and physical features of Great Britain, such as population, life expectancy, tallest mountains, longest rivers, coastlines and much more.

English

In English, we are looking at the books Cosmic and The Man in the Moon. Through reading, role play and discussing the books, the children will be writing a range of pieces from various genres, such as letters, diary entry's and narrative.

In reading, we will be looking at various non fiction texts about space and we will be using our inference skills during these sessions.

Key dates for your diary

9th September—Music lessons start

Art and Design Technology

In Design Technology, the children will have a chance to practise cutting and joining techniques and making models from wood as they design and make their own moon buggy. In Art, they will conjure their own fictitious planet and use a variety of different media and techniques to portray a scene from their planet, exploring how colour, tone and texture can be used to create different effects.

PE

In PE the children will be developing their invasion skills and be able to apply the basic principles of rugby when playing tag rugby.

Computing

We are Bloggers

In computing, the children will be blogging and commenting on others work. The children will be researching the space race and they will then create a media-rich blog, comment on blogs and respond to comments.

Spiritual, Moral, Social and

Cultural (SMSC, RE, PSHE)

In PSHE, the children will be focusing on health and wellbeing. They will have the opportunity to look and reflect on what affects their physical, mental and emotional health. They will also begin to understand the concept of a balanced lifestyle. In Re, the children will be focusing on God as Spirit. They will explore more abstract, spiritual concepts of God and consider ways in which Christians believe God is revealed to the world.

Maths

This term, we will be looking at place value and addition and subtraction. They will be reading, writing, ordering and comparing numbers to 1,000,000 and determine the value of each digit. They will also be solving number problems and practical problems that involve placevalue, addition and subtraction.
