English

The Babcock home learning site offers lots of different English activities. Pick one or two that you like the sound of and have a go. It is simple to use, just hit download on the activity that you like the sound of and a PDF document will pop up.

<https://www.babcockldp.co.uk/improving-schools-settings/english/home-learning/home-learning-english-key-stage-2>

Oak National Academy has lots of activities for English.

Reading and Writing - <https://classroom.thenational.academy/subjects-by-key-stage/key-stage-2/subjects/english>

Reading is always important for you to do and it is essential for you to read on a daily basis while you are at home. To challenge yourself further you could also answer some AIR reading questions.

- How do you think your main character has changed throughout the text?
- Which other texts do you know that have a similar setting to the book you are reading?
- Which theme from our books for life is your text most linked to? (Overcoming the monster, rags to riches, the quest, voyage and return, comedy, tragedy or rebirth)

Another way to further your reading is to write a review of your book. You could create your own template for this however there are many other examples online.

Spelling and Grammar

Spelling frame – <http://spellingframe.co.uk>. Make sure you click on the year 3&4. Choose one spelling rule to work through each day.

Grammar - <https://classroom.thenational.academy/subjects-by-key-stage/key-stage-2/subjects/english-grammar>

Maths

The White Rose website has some useful activities to support the skills and knowledge we cover in school. Each lesson is supported by a short video and an activity.

<https://whiterosemaths.com/homelearning/year-3/> Start for week one, this will support the work done in school so far.

You have a log in for Rock Stars times tables. This is a great way of practising your times tables. <https://play.ttrockstars.com/>

Hit the button is a great game to sharpen your times tables skills.

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Foundation Subjects

We cover a lot of other areas of the curriculum – have a look at the Oak National Academy website which offer a range of activities for different areas of the curriculum. Choose a theme that links with our current curriculum. This will take to activities you could do at home.

<https://classroom.thenational.academy/subjects-by-key-stage/key-stage-2>

Physical Activity

We recommend you try and complete a form of exercise every day. You could practise a particular sport or a particular skill using some sporting equipment. Try and set challenges for yourself and give yourself targets to beat.

You could also have a go at Supermovers which is a short dance that incorporates the times tables.
