

Home Learning

Week Commencing Monday 6th April

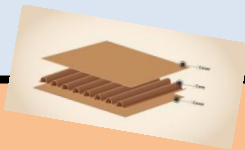

Years 1 and 2

What is your family's favourite board game?

This week in MATHS:

Take a pack of playing cards...
Play snap or pairs - can you add the value of the two cards together? (Picture cards are worth 10)
Challenge – choose cards one at a time and add the values together. How many cards can you add up altogether? Write the number sentences in your books.

This week in History/Geography:

Games

Can you find out about some of the oldest games in history?
Choose one and see if you can play it.

This week in ENGLISH:

As part of the Art/Design Technology task, write the instructions for your own board game so that anyone can play.

This week in SCIENCE:

Cardboard is used in lots of board games. How is cardboard made and what are its properties? Can you find out and explain it to some else?

Art/Design Technology:

Using materials around the house, make your own family board game.

READING

Enjoy books that contain one of these: mythical creatures, magic or mystery.

Phonics/Spelling:

Can you spell all the numbers up to twenty in words?
Now try writing multiples of 10 up to 200 in words.

Physical activity:

It's Easter Time so have some fun. Set up some races – bunny hops, skipping, hopping, egg and spoon. Remember you can move forwards, backwards, sideways!

Music:

Watch We're Going on a Bear Hunt with Michael Rosen. Join in with sounds and actions.

Useful websites:

Check out netmums website which has some good card games for children and sfskids for games and fun in music .
