

Week beginning: Monday 6th April

English-

Create two fact files about the vertebrates and invertebrates that you discovered during science last week. Remember the features we started using in our animal fact files at school, and try to get these in your writing.

Reading-

Read independently and discuss what you have read.

Listen to a story being read, this could even be an audiobook from worldbook.com/ebooks which is currently free to use!

Create a factual information poster or leaflet to highlight ways on keeping safe at the moment for example washing your hands, avoiding social gatherings etc.

Spellings-

Choose 10 words from your year 3/4 spellings and create a word search. Challenge somebody to find all ten of these.

Maths-

Practise your times tables on Hit the button, Topmarks or Times Table Rockstars. When you next log on to Rockstars, your teacher will have challenged you in Rock Slam!

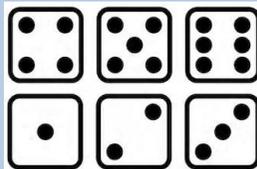

Create a poster about your 11 times tables. This could include facts and patterns that you notice within the answers.

Follow the Supermovers videos and chant your times tables.

Use the dice in your pack to create a two or three digit number. Do this twice and add the numbers together using column addition for example, this would be

456

123+

Remember to line your numbers up correctly!

Websites

<https://spellingframe.co.uk/> Work your way through the spelling rules for year 3 and 4.

Science and Foundation subjects

Science- Follow this link and scroll down to Minibeast Classification <http://www.crickweb.co.uk/ks2science.html>

Complete the classification key and as a real challenge you may want to create your own in your home learning book.

Art- Create a piece of art inspired by the season spring. This could be a painting, drawing or 3d sculpture!

History- Have a look around your house. Can you find any clothes or materials that would allow you to dress up as a Roman? When you're dressed up, role play how you would rule a Roman kingdom.

PSHE- Reflect: Design your own ideal world. Would your world contain the same things as other people? Which things are most important to you? Would this be the same for everybody around the world?

P.E

Complete a workout video for example a Cosmic Kids yoga video on Youtube.

Create an Easter egg hunt around your home. These could be created from paper using the resources in your pack. Later could challenge a family member to find all the eggs.
