

Happy Easter!

We have reached the end of a very 'interesting' term. I can't believe that we started back after Christmas thinking we were coming back to school only to have that decision changed on the first day of term! The challenge then was to get to grips with remote education both from a teaching and learning perspective. The last few weeks it has been lovely to have pupils back in school but it has not been an easy transition for many as they adjust once again to being in larger groups, how to interact and communicate with each other and rebuild the stamina required for a school day.

I understand that our community feels somewhat 'detached' at this time as we have not been able to come together for our collective worship, celebrations, productions and even face to face parents meetings. I am hoping that by the end of this year, we may be back to something closer to normal.

Once again, I would like to thank everyone for their support and patience during this time. Staff have worked incredibly hard to keep learning going for our pupils and this has involved learning a completely new way to deliver the curriculum. Parents and carers have been very supportive with the learning at home and it has been lovely to see the range of work and activities children have completed. And our children have remained as resilient and positive as ever.

I hope you all have a lovely Easter holiday, whatever the weather may bring!
