

Homework for Goldfinch Class

Dear Parents,

This term we are continuing the new homework system which we started last term. Please see below a sheet with nine tasks/activities, containing all the topic homework for both Terms 3 and 4 (from now until Easter). Each task has a star rating which indicates the complexity of the task, i.e. three stars requires more thought and time than a one star task.

Children should choose four of the activities to complete, to be done in any order and brought into school on the dates shown below. Each completed piece of work will be stuck into the child's Learning Journey book to contribute to their learning record, so please remind your child that it needs to be neat and well presented.

In addition, this term we will be doing one homework which is a Philosophy for Children style question. The children will come home with a question for you to discuss with your child. We teach the children that there are no right and wrong answers in Philosophy and that all opinions should be respected, so hopefully they can share some of their learning with you.

Values homework (see separate email) 14.1.19

Task 1 – 28.1.19

Task 2 – 11.2.19

W/b 25.2.19 P4C question

Task 3 – 18.3.19

Task 4 - 1.4.19

Hopefully this is clear but any questions please ask.

Yours sincerely,

Mrs Vaughan and Mrs Kirby

		
Make a list of facts about the planet Venus.	Trace or draw a picture of a space rocket. Label key features.	Create a fact file, including pictures and diagrams, about the planet Jupiter.
Make a list of foods that may be eaten when on a space mission.	Describe how food is stored and eaten in space.	Write a diary entry for a day on a spaceship, including ways to exercise and foods eaten. Tell us which foods from home you're missing.
Make a list of some space explorers, including some women.	Choose a space explorer (not Tim Peake) and write some facts about them.	Research one space mission and make a fact file.
