

Year 5

In Year 6 this half term we will be studying Mexico for our new topic ¡Hola Mexico! We have linked some exciting home learning tasks for your child/ren to complete by **February 11th**. We ask that adults at home try and do some of the activities with the children to promote enjoyment and curiosity with our learning.

Activity 1

English

Create a fact file based on information about Mexico.

Remember: Think about the different headings that would be helpful for the reader. Here are some ideas to get you started: population, language, weather, currency.

Could you do it on a computer? Create a booklet?

Activity 2

Maths

Create a range of word problems based on what we learnt last term.

Ideas: adding, subtracting, dividing, multiplying or place value knowledge.

Swap them with a friend or bring them to me to solve.

Activity 3

Topic

Cook or bake a Mexican dish – it could be something that you have tried before or something new.

Bring pictures or samples to show us your learning.

General home learning

- Read your book every night for 20 minutes
- Share your learning with someone at home
- Practise your spellings (weekly)
- Practise your times tables (TT Rockstars online)
