

# Year 3

In Year 3 this half term we are studying The Anglo-Saxons and The Vikings so have linked some exciting home learning for your child to do by October 12<sup>th</sup>. We ask that adults at home try and do some of the activities with the children and question their choices to provoke enjoyment and curiosity with learning – this really can make a difference.

## Activity 1

### English

We will be reading the book ***How to train your dragon***. Can you create your own dragon and write a detailed description of your dragon using a range of interesting adjectives? You could even plan and write a story of your own containing a dragon linked to the Anglo-Saxon and Viking myths.

## Activity 2

### Maths

Make an addition and/or subtraction game that helps the players of the game work on all their calculation skills. You could do a board game like snakes and ladders – be imaginative.

Challenge: Can you link your game to our Anglo Saxon/ Viking theme?

## Activity 3

### Theme

Look at images of Anglo-Saxon artefacts; we have already looked at some together. Can you design an artefact of your own? You could draw a picture or use a range of materials to make your artefact – use your imagination!

Remember: Be resourceful! You don't need specialist items; recycle items from around your home!

## General home learning

- Read your book every night for 20 minutes
- Share your learning with someone at home
- Practise your spellings
- Practise your times tables
