

Dear Parents/Carers,

How quickly this half term has gone! It has been wonderful seeing the children maturing and growing from where they started in September. Have a restful half term ready for our last half term which is very busy but full of fun things!

In science, this week the children have investigated how plants grow. The children observed over time what happens to plants when they are grown in different conditions. What happens if we take something they need such as light away? They drew careful sketches and took part in group discussions.

In PSHE we have been looking at trust and why we trust some people and not others. The children had lots of great discussion and have reflected on why they trust the people they trust and what makes them a trustworthy person. The children each picked a person to explain their qualities that make them someone they trust and produced some lovely writing and drawings.

Reminders

The choir will be going to the Sutton Borough Music Festival to perform on **Wednesday the 5th of June**, please make sure your child is in school promptly so they can leave at 9. They will be returning to school by 11:30.

The Year 2 trip to Kew Gardens is on **Wednesday the 12th of June**. If you haven't sent your form back for the trip yet please make sure you send it in as soon as possible. Eagles and Owls still need parent helpers. If you are interested in helping, please let the class teachers know.

Many thanks,

The year 2 team
