

Writing

We will be writing a description based on the view from the crow's nest on Ernest Shackleton's boat. We will be writing a diary entry from the perspective of crewmember on Shackleton's boat. As well, we will write a scientific report based on a made up animal that would survive in the Arctic environment.

Maths

Maths will be taught using White Rose teaching units. This half term we will be converting units of measure, investigating properties of shape and looking at algebra.

Music

We will be exploring different apps and making programs which we can use to compose music.

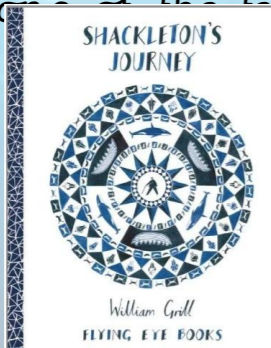

Spring Term 2 Frozen Kingdom

PE

Through gymnastics, we will be matching and mirroring body shapes and practising counter-balancing skills to develop short gymnastic routines.

Reading

Our class text will be 'Shackleton's Journey' by William Grill. We will be continuing our retrieving, inference and fluency skills through a range of whole class, shared and individual reading and discussion of the text.

Science

We will be learning how animals are adapted to their environment. We will be researching unfamiliar plants and animals and deciding upon and explaining where they belong in the classification system. As well, we will be planning and carrying out a range of scientific enquiries.

Geography

We will be identifying and comparing the North and South Poles and areas in close proximity.

History

We will be researching historic Polar explorations and ordering them on a timeline.
