

The heavens declare the glory of God,
and the skies announce what his hands
have made.

Psalms 19:1 NCV

If we look around us, we can see so many of God's masterpieces of art, created especially for our enjoyment. Look up at the sky, the stars, the clouds, the birds. Look down, the flowers, the animals, the insects. Look around, the trees, the sunsets, us! Wow! We even see God's hand under the ocean, the fish, the coral, the dolphins.

You may like to spend some quiet time drawing or painting a picture of something or someone God has designed and created, as a way of appreciating His artwork.

Dear Father,

Thank you for your awesome artwork, which was created for our enjoyment. The sunsets, the stars, the mountains and lakes. Each flower, each tree, each snowflake unique in itself. Such beauty all around us, help us to fully appreciate the work of your hands.

May we also see every person as your masterpiece, each one carefully designed by you, our creator.

In Jesus' name,

Amen
