

Live and Let Live Home Learning

Reading Task:

Read the book the Owl Who Was Afraid of the Dark.

English Task/Computing Task:

Research a nocturnal animal and make a factfile. This could be a badger, bat, fox, hedgehog or an owl.

Maths Task:

Continue to practice recognising tens and ones within a 2 digit number. Can you use this knowledge to add these numbers together?

Science Task:

Make a poster labelling the key features of a plant. Can you name the key features and the roles of each key feature?

Create a poster giving examples of 10 things that have lived and 10 things that have not lived.

Create a habitat box for an animal of your choice.

Group animals under the following headings: reptiles, amphibians, birds, fish and mammals.

Draw a detailed picture of your favourite animal. Research and the describe the basic needs of it.
