Pupils with PP receive high quality, purposeful, focused support	One to one tuition in Spring term	The level of attainment in PP pupils improved by specific, planned high quality 1:1 intervention. The Year 6 and Year 2 teachers planned and monitored the sessions, based on their assessments and judgements.	This approach was effective in achieving the desired outcome. Children made significant progress in the area of learning in which they received one to one tuition. We will continue this approach this year and further enhance it by reviewing the impact mid- year as well as at the end of year.	£2352 0
Teachers/support staff employed to support PP groups throughout the school	Support in and out of class from teachers and teaching assistants.	The rate of progress was accelerated in all year groups, particularly in writing. Of the two approaches (pupil premium staff class based - compared with additional intervention), the additional focused support from teachers and support staff had the greatest impact. This will continue into 2019/20. Time will be allocated for staff delivering PP support to communicate with class based staff.	£8741
