

Understanding the World

40-60 month outcomes:

People & Communities
Enjoys joining in with family customs and routines.
The World
Looks closely at similarities, differences, patterns and change.
Technology
Completes a simple program on a computer.
Interacts with age-appropriate computer software.

Early Learning Goals:

Understanding the World	People & Communities	Children talk about past and present events in their own lives and in the lives of family members. They know that other children don't always enjoy the same things, and are sensitive to this. They know about similarities and differences between themselves and others, and among families, communities and traditions.
	The World	Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another. They make observations of animals and plants and explain why some things occur, and talk about changes.
	Technology	Children recognise that a range of technology is used in places such as homes and schools. They select and use technology for particular purposes.
