AFRICA

ANTARCTICA

ASIA

AUSTRALIA

EUROPE

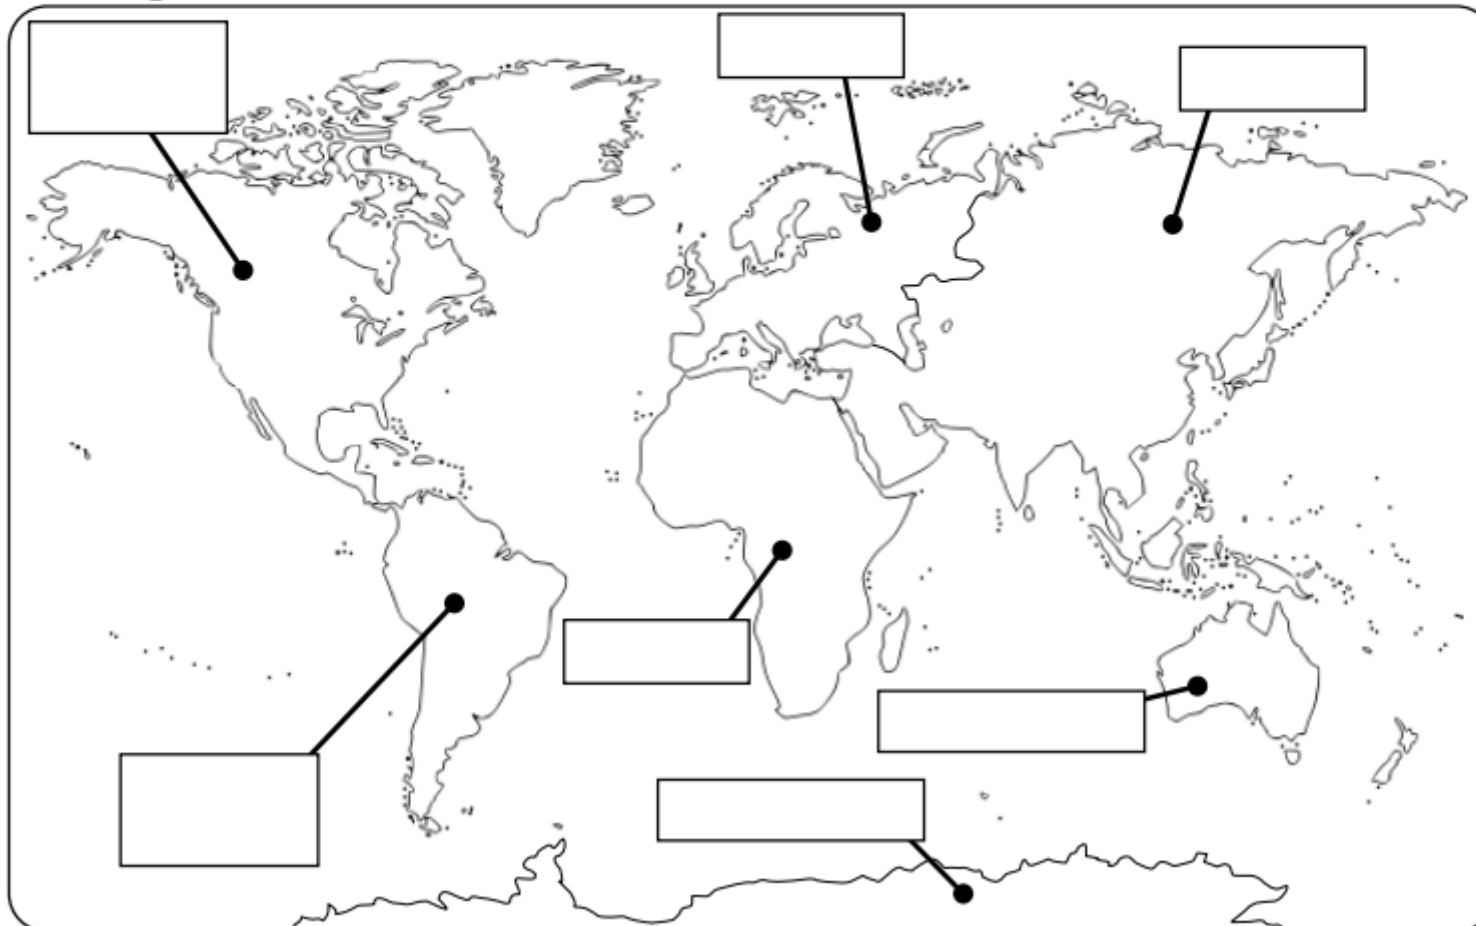

NORTH AMERICA

SOUTH AMERICA

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Fill in the labels for each of the 7 continents. When you have finished, choose a colour for each continent, mark it in the key below and colour each continent the correct colour.

KEY	
Africa	
Antarctica	
Asia	
Australia	
Europe	
North America	
South America	

# Continents of the World

## North America

Size	24,247,039 km <sup>2</sup>
Number of countries	23
Population	529 million

## South America

Size	17,821,029 km <sup>2</sup>
Number of countries	12
Population	386 million

## Africa

Size	30,244,049 km <sup>2</sup>
Number of countries	54
Population	1.033 billion

## Europe

Size	10,354,636 km <sup>2</sup>
Number of countries	47
Population	733 million

## Asia

Size	44,391,162 km <sup>2</sup>
Number of countries	44
Population	4.3 billion

## Australia

Size	7,686,884 km <sup>2</sup>
Number of countries	14
Population	23 million

## Antarctica

Size	14,245,000 km <sup>2</sup>
Number of countries	0
Population	0

Read the Information Sheet about the 7 continents and then see if you can answer these questions.

1. Which continent has the most people?

2. Which continent doesn't have any people who live there permanently?

3. Which continent has the most countries in it?

4. Which continent (apart from Antarctica) has the least number of countries in it?

5. How many more countries does Europe have than Asia?

6. How many more countries does North America have than South America?

7. Do the biggest continents always have the most people in them? Why do you think this is?

8. Put the continents in order of size from smallest to largest.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Read the Information Sheet about the 7 continents and then see if you can answer these questions.

1. Which continent has the most people?
