Changes to Data Protection Law

PARENTAL CONSENT FORM – PUPIL PERSONAL DATA

Dear Parents

In line with the government's new General Data Protection Regulations (GDPR) we are updating a number of our data processes. The GDPR will change how we can use your personal data and keep it safe. It will also strengthen your rights over your own data.

The point of this is to make sure sensitive or private information about yourselves and your children stays safe. Whilst it is similar to the current Data Protection Act in many ways, there are a few differences, so we need to make some changes at the school in order to ensure we remain compliant.

One of these changes is that we have updated our privacy notice – available to view on the school website or you may request a paper copy from the office.

As part of our work to comply with the GDPR, we are also re-seeking consent for using photographs or videos of your child. We have enclosed this form and would appreciate it if you filled this out and returned it to the school office immediately. You are completely free to refuse to provide your consent to any areas. You do not have to provide reasons for refusing your consent but we are happy for you to give us additional information if you choose to so that we understand any concerns that you have and can take appropriate steps where necessary.

If you have any questions about how the GDPR affects you or how our school is preparing, then please contact the school office.

Yours sincerely

Susannah Storey
Interim Headteacher
